Any individual who is able to raise \$25 million to be considered presidential is not going to be much use to the people at large.

He will represent oil, or aerospace, or banking, or whatever moneyed entities are paying for him. Certainly he will never represent the people of the country, and they know it. Hence, the sense of despair throughout the land as incomes fall, businesses fail and there is no redress.

When I was finally released from these "convents" filled with medieval madness, a kaleidoscope of tortured memories would spin in my head...the entire experience was so bizarre that there was no sense that could be made out of it ...one cannot make sense out of evil ...Then I came upon the movie The Magdalene Sisters and there was my life in a movie ...It was then that I realized there was nothing random about any of this ...this was ORGANIZED ABUSE across the board ...I woke in the middle of the night last year and it all became very clear to me ...the greed, the corruption, the storyand I got up and wrote I AM THE VOICE....The Magdalene Laundries/Good Shepherd Convents were here in America and it is a part of our history that has been kept in the dark...NOT ANY LONGER ...Girls, young women being locked away is not acceptable ...it is an OUTRAGEour babies were taken ...this is not acceptable ...it is an OUTRAGE ...I am putting a shout out to any girl/woman who was "sent" to one of these places to please step into the LIGHT and join us ...Your experience is a part of all of our experiences ...we need your voice to make this happen ...We need all of you ...RISE UP WITH USSILENT NO MORE ...

Personally Speaking

"PERSONALLY SPEAKING" BY FAITH ROSE (ALBUM REVIEW)

After taking a full week out to listen to female rapper Faith Rose's debut album "Personally Speaking," we were a bit surprised. A lot is expected from a female rapper if she views herself as being HOT! After listening to the album, let's just say that Faith Rose is a force to be reckoned with.

"Personally Speaking" was produced by no other than Paco Swartz, a fellow pasadena-native rapper/producer/and then some. The album comes equipped with features like Nino, Ethan Avery, Kampaign, & Paco Swartz. Not only does the album sound great, it's diverse sound is potent enough to flourish on both mainstream & underground. Now that is what we call music.

Released May 17th, 2011, Faith Rose...

King King

We chose **King King** as the cover for our 2nd issue because he meant a lot to people throughout the Pasadena community, that we (ThaWilsonBlock) come from, represent, and serve. We believe **King Eldridge King** should be remembered for the blessing that he was for the community abroad. Not only did he create opportunities for local entrepreneurs, **he made "giving back" a part of his life's work.** Our hearts and prayers go out to the family of this **true community leader.** He will forever be remembered!

How King King impacted the community:

- Gave Jobs
- Served as a resource for other small businesses in the area
- Provided quality hair cuts
- Led by example by running his own business
- Gave positive advice and insight to youth in the area
- Was an influential figure among local entrepreneurs

Mistah Wilson interviews Political Activist/Civil Rights Advocate Darcy Delaproser on Social Injustice, Crime, and why she STANDS UP FOR THE INNOCENT

Mistah Wilson: Hey there, Darcy! Thanx for taking the time for this exclusive interview with ThaWilsonBlock! How have you been?

Darcy Delaproser: I am good thank you very much.

Mistah Wilson: Tell us a little about some of the most intense scenarios you've been faced with...

Darcy Delaproser: Whilst doing all this, you come up against alot of hate, Which i suppose comes with the territory, because alot of people do not agree with giving someone a voice that society rather hide.

Mistah Wilson: Do you have any positive uplifting words for the victims of today's system?

Darcy Delaproser: Try to find a good support system, A good circle of friends that can network and get your voice heard.

Terrance Bowman-Taylor is currently on death row in North Carolina for crimes he did not commit. He was a college student from New York who came to North Carolina to visit his relatives and some friends and never made it back home. He was wrongfully arrested and convicted of allegedly causing the deaths of two men.

I was unlawfully arrested, illegally prosecuted & wrongfully convicted by a corrupt court and sentenced to die for crimes "I DID NOT COMMIT".

This was done to me based solely on the false testimony of a male who is a habitual felon, known drug dealer, drug user who was a bitter drug rival of the deceased men in my case. This individual was the initial suspect in the case & was a fugitive from the law at the time he was detained as a suspect in my case. However, despite stating that he was allegedly with me & several others (who stated I never committed these crimes) when these crimes were allegedly committed & having several outstanding warrants out for his arrest, this individual was never arrested for anything & was released after giving a false statement against me.

I was the only person charged & don't have any co-defendants.

JUSTICE FOR Christopher Trotter

As a young man, Chris served 4 years in the United States Armed Services only to return home and catch a case for petty theft. Chris was placed in the Indiana Reformatory to do his time. He was three months away from being released and was planning for his future. On February 1, 1985 during a shakedown, Chris and others witnessed another inmate being sprayed with mace, beaten with a bat while he is shackled. Inmates were yelling "they are going to kill him" chaos erupting in the prison cell that led to a riot. Although no lives were taken, no plans for a riot prepared, it was not premeditated. These young men were there and witnessed the inmate's brutal beating first hand and felt for the inmate's life as well as their own lives and fought back. His involvement in a 1985 prison riot turned his 4-year prison sentence into a 142-year sentence.

My conviction was completely based on a coerced confession conducted by Detective Loveless and his SGT in violation of my rights . I was pressured and manipulated by interrogating officers into waiving my rights and confessing to a crime that I originally reported. This resulted in an unjust conviction and sentence in 2002 after my arrest in July 2000. I will not be silent about the injustice and prevalent corruption in our criminal justice system and its habit of wrongfully convicting children and adults alike. I will SCREAM for this to change until my final breathe...can you?

RADIO INTERVIEW

Through our journey of discovery on the local music scene in [Pasadena](#), we learned that [The Coffee Gallery](#) on Lake ave (next to Pasadena/Altadena border) is a prominent hub and hot spot for local talent to come and showcase.

There is so much diverse talent in [Pasadena](#) that it could pass for being it's own industry. With a front and backstage, [The Coffee Gallery](#) always has something going on.

The scene is usually frequented by local artists from Altadena, Ca. This is definitely a recommended place to hit up if you're looking to network or even book an event in the Pasadena/Altadena area.

Altadena's Coffee Gallery is a prominent hub on the local independent music scene in the region.
